4

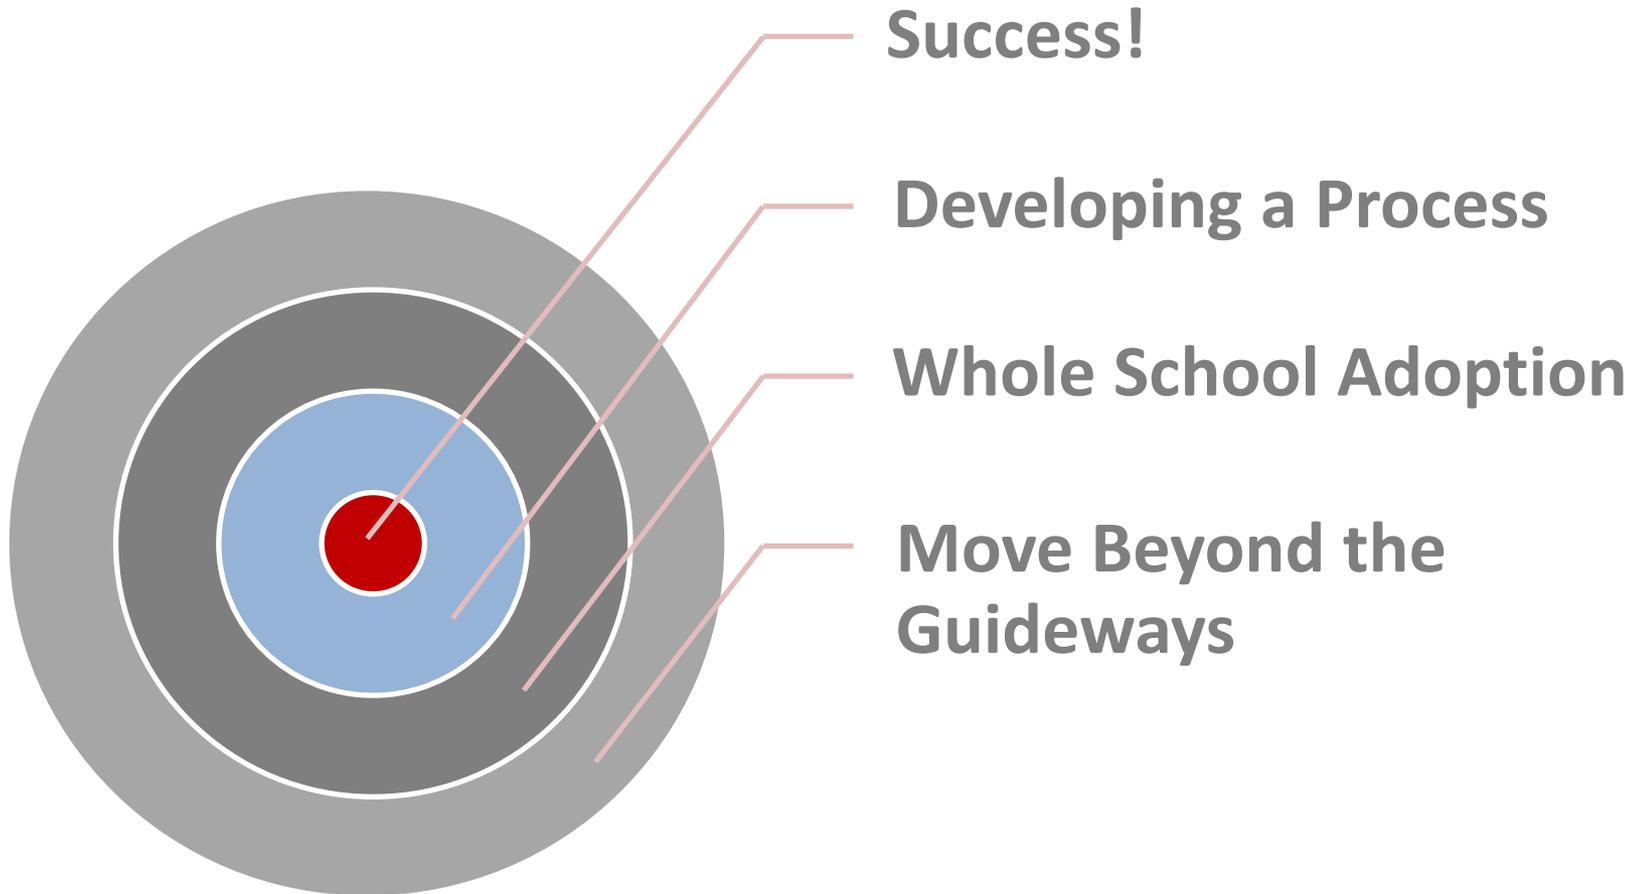

Develop a Plan: Activity

1. A language arts teacher wants students to practice writing skills.
2. A computer teacher wants students to learn budgeting and the use of Excel.
3. A social studies teacher wants students to explore careers related to politics.
4. A life skills teacher wants students to explore their long term goals.

Choose several tools that could be used in your scenario and establish a sequence.

In 5 minutes, we'll share with the group..

Achieving Success

Thank You for Attending!
