Spring Test Dates Quickly Approaching for Popular College Admission Exams
Put best foot forward with free ACT[®] and SAT[®] Test Prep at www.IHaveAPlanIowa.gov

Des Moines, IA., February 18, 2013 – The Iowa College Student Aid Commission (Iowa College Aid) wants to remind Iowa students that spring test dates for the ACT[®] and SAT[®], the two most commonly taken college admissions exams in the United States, are fast approaching. Whether taking an exam for the first time or retaking an exam for an improved score, students in Iowa don't have to be intimidated. They can boost their test-taking confidence by taking advantage of free test preparation resources available online at www.IHaveAPlanIowa.gov.

I Have A Plan Iowa[®] Test Prep includes the following:

- ACT[®] – students can strengthen their knowledge in four subject areas: English, math, reading, and science reasoning.
- SAT[®] – students can build or refresh skills for the exam's verbal and math sections.
- GRE[®] – students can test their core abilities in verbal, quantitative, and analytical reasoning to prepare for this exam used by many graduate and business schools to evaluate readiness for graduate-level work.
- Vocabulary Builder – students can expand and improve their word power which is useful for all college admissions exams.

“We want to ensure that students are prepared for sustainable careers in Iowa, and that requires additional education beyond high school,” stated Karen Misjak, executive director of the Iowa College Student Aid Commission. “College admissions exams, and the ACT[®] in particular, measure academic skills taught in schools and are deemed important for success in first-year college courses. Approximately 60 percent of Iowa's high school graduates have taken the ACT and we want that number to continue to grow,” said Misjak. “By offering free test prep through I Have A Plan Iowa[®], cost is no longer a factor for students seeking every opportunity to prepare for these important exams.”

I Have a Plan Iowa[®] Test Prep adapts to the skill level of each student, provides personal tutoring with immediate feedback on incorrect answers, and sends emails to the student about what to study next. A status page enables students to monitor their progress by tracking what and how much they have studied and how well they are doing.

Tests are held throughout the year for the ACT[®] and SAT[®] exams. Students can register online for the ACT at www.actstudent.org and for the SAT at www.collegeboard.com. Upcoming exam dates for 2012-2013 are listed below:
