Items Needed

Career Jeopardy Powerpoint

Buzzer(s) or Bell(s) for student responses

Computer or Laptop

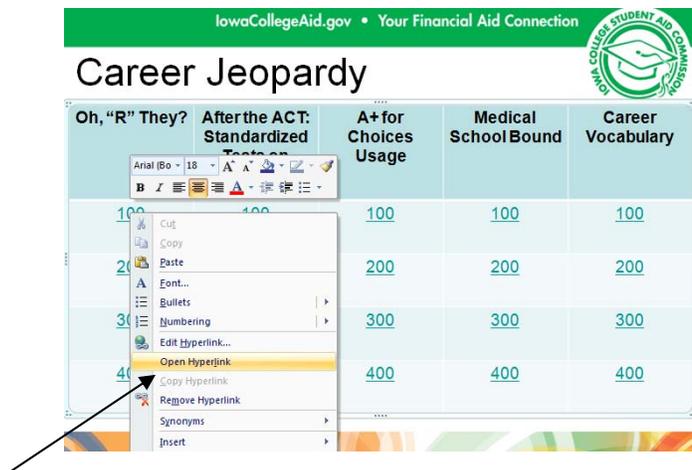

Projector

Screen or Blank Wall

1. Open up your powerpoint copy of Career Jeopardy. Note: These directions are applicable for either Choices Explorer Jeopardy or Choices Planner Jeopardy.
2. The second slide is the “board,” showing categories and point values. **Before playing, you may wish to view and print the last slide of the presentation. This slide has the answers.

Oh, “R” They?	After the ACT: Standardized Tests on Steroids	A+ for Choices Usage	Medical School Bound	Career Vocabulary
100	100	100	100	100
200	200	200	200	200
300	300	300	300	300
400	400	400	400	400

3. The point values are hyperlinks, linking you to the questions. To get to the question, right click on a point value.

3. When the menu appears, after you right-click on a point value, select Open Hyperlink. This will take you to the question which corresponds to the point value. (See next graphic).

Oh, "R" They?

A person in this career administers care to ill or injured persons and may work in an administrative, public health, or industrial setting.

- To get back to the board from this slide, right click on the period at the end of the sentence. This is a hyperlink back to the board.
- When you return to the board, the point value most recently selected will now be in green lettering. Delete this point value, so students will know that question is no longer in play.
